TEXAKOMA FINANCIAL, INC. NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2008 AND 2007

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization -

Texakoma Financial, Inc. (the Company), a Texas Corporation, was incorporated in March 1985. The Company operates as a securities broker-dealer firm, registered with the Securities and Exchange Commission (SEC) and securities regulatory commissions in several different states. It is a member of the Financial Industry Regulatory Authority (FINRA) and the Securities Investor Protection Corporation.

Method of accounting -

The accounts of the Company are maintained on the accrual method of accounting with security transactions recorded on a trade date basis.

Cash and cash equivalents -

For the purpose of cash flow, the Company considers financial instruments with the original maturity of three months or less to be cash equivalents.

Basis of presentation -

Certain financial statement items in prior years have been reclassified to conform to the current year's format.

Accounting estimates -

The preparation of financial statements in conformity with generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period.

Income taxes -

The Company adopted Statement of Financial Accounting Standards No. 109 (SFAS No. 109), "Accounting for Income Taxes". Under SFAS No. 109, an asset and liability approach is required. Such approach results in the recognition of deferred tax assets and liabilities for the expected future tax consequences of temporary differences between the book carrying amounts and the tax basis of assets and liabilities.

Adoption of SFSA No. 130 -

The Company adopted SFSA No. 130, Reporting Comprehensive Income.

2. NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission's Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2008 the Company had net capital of \$523,143, which was \$513,918 in excess of its required net capital of \$9,225. At December 31, 2007 the Company had net capital of \$338,187, which was \$319,616 in excess of its required net capital \$18,571.

TEXAKOMA FINANCIAL, INC. NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2008 AND 2007

3. ECONOMIC DEPENDENCY

All of the Company's business is dependent upon an affiliated company. The affiliated company originates all of the oil and gas working interests marketed by the Company. The loss of these originations could have a material adverse effect on the Company. Texakoma Operating, LP is the originator of the oil & gas investment ventures.

4. INCOME TAXES

Income taxes are accounted for in accordance with SFAS 109, "Accounting for Income Taxes". The statement requires that deferred income taxes reflect the tax effects of timing differences in reporting the results of operations for financial statement and income tax purposes. Income reported for financial statement purposes is the same as taxable income, as defined by the Internal Revenue Code for the years ended December 31, 2008 and 2007.

The Company's deferred tax assets of \$7,454 at December 31, 2008 and \$9,693 at December 31, 2007 consist of the tax benefits of net operating loss ("NOL") carry forwards from prior years. The Company believes that the \$52,400 of NOL carry forwards will be utilized prior to expiration through future taxable earnings. The remaining NOL at December 31, 2008, along with the expiration dates are listed below.

	NOL	Year of	
Year generated	Remaining	Expiration	
2001	23,727	2021

2005	19,588	2025	
2007	1,792	2027	
Total	\$ 52,400

However, the shareholder has elected not to receive the fee for 2008 and 2007. Board of Directors Texakoma Financial, Inc. Dallas, Texas

In planning and performing our audit of the financial statements of Texakoma Financial, Inc. (the Company), for the year ended December 31, 2008, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the consolidated financial statements and not to provide assurance on the internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including tests of compliance with such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g), in the following:

- 1. Making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and the reserve required by rule 15c3-3(e)
- 2. Making the quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by rule 17a-13
- 3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls, and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate. Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters

involving internal control, including control activities for safeguarding securities that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2008 to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the National Association of Securities Dealers, and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
